**September 2019**

Dear Parents/Guardian,

Your child is part of the PVA Magnet at Bates Middle School.

A component of the World Language Hybrid course requires that the student have access at home to the internet so that he/she may access the Rosetta Stone Foreign Language Program, provided by the Advanced Studies and Program Office. Signing this agreement recognizes that the student will be using the internet for education purposes at school and home, not for social networking. There are NO social networking student-student interaction capabilities within these online applications.

Headsets can be checked out with Ms. Sileoni or you can just use a USB pair of headset with mic you already own.

Your USERNAME and PASSWORD have been uploaded in the students' google class!
